BED OF ROSES

The exquisite face care

Bed of roses is a cosmetic series, that combines the worldwide known Bulgarian rose oil and natural rose water, with the innovative scientific achievements. Bed of roses cosmetic series with rose oil includes:

Age reversing face cream

Softening face cream

The Bulgarian Rose oil and water are natural products derived from fresh blossoms of the oil-bearing rose *Rosa damascena* Mill. Their composition includes more than 200 components, that underlie also their biologically active action: toning, softening, moisturizing, soothing, with a beneficial effect on irritated, damaged skin, fighting wrinkles and assist in removing puffiness of the skin.

The products composition includes a number of natural ingredients such as glyceride oils – argan, almond, jojoba, grapeseed, avocado. They effectively maintain and improve the functions of the skin, nourish it in depth and give the skin a fresh and youthful appearance.

The combination of vitamins A and E helps to stimulate the oxidative processes in cells and neutralizes the adverse effects of free radicals.

The hyaluronic acid used helps to maintain the skin elasticity and hydro balance of the skin.

An activating compound – beta glucan – react on the skin's cells that make up tissues and help your skin look smooth, healthy and youthful. With its antioxidant action protects against UV light and other sources of oxidative damage.

All these components are carefully selected to obtain a synergic effect.

Bed of roses cosmetic series with rose oil gives emotional pleasure, visible results and long lasting effect.
