ECOTONUS®

ECOTONUS®

AGE REVERSING FACE CREAM

ROSE OIL - HYALURONIC ACID - ARGAN OIL
PARABEN AND PETROLEUM FREE
NO ARTIFICIAL COLORANTS AND PERFUME

Cream with longevous history for regeneration of all skin types. Original formula with natural ingredients - Bulgarian rose oil, hyaluronic acid, argan oil, rose extract, natural rose water, almond oil, jojoba oil, vitamins A and E. Their synergic effect

- improves the skin elasticity
- moisturizes it
- removes the imperfections
- neutralizes free radicals
- prevents premature aging

As a result of a daily use the skin restores tonus and youthful appearance.

ECOTONUS®

Bulgarian Rose extract (concrete) and **Rose water** are entirely natural products, derived from the fresh blossoms of Rosa Damascena at „**Bulgarian Rose**” PLC in Karlovo.

Bulgarian Rosa Damascena products are world famous to have more than 200 biologically active ingredients: refreshing, softening, moisturizing, soothing. They have strong anti-inflammatory effect to calm irritated skin, to help regeneration and to fight wrinkles and puffy skin.

The freshness of the classical rose scent makes people relax and energize, gives positive mood all the day long.

ECOTONUS®

HYALURONIC ACID improves elasticity and hydro balance of the skin.

Other natural ingredients include a number of glyceride oils – argan, almond, jojoba, apricot nuts. They deep nourish the skin to ease skin functioning, to maintain freshness and youthful appearance.

PRUNUS ARMENIACA KERNEL OIL – apricot nuts oil; light oil, easily absorbed, the skin is mild with silky touch. Improves the barrier function of the skin.

PRUNUS AMYGDALUS DULCIS OIL – almond oil; rich in fatty acids, suitable for all skin types. Its light texture

- helps absorption
- calms irritations
- rich in vitamins A and E it neutralizes free radicals

ECOTONUS®

ARGANIA SPINOSA KERNEL OIL – argan oil; known as “The liquid gold of Morocco” argan oil

- improves elasticity
- helps for reduction of fine lines on skin surface

Argan oil is very useful for acne prone skin.

SIMMONDSIA CHINENSIS SEED OIL – jojoba oil – a true elixir for skin. Its structure creates invisible protection over the skin. Distinguished for its anti-inflammatory reaction, jojoba oil is useful when the skin irritates due to dermatitis. It moisturizes deep into the skin cells improving lymph and blood circulations, regenerating and nourishing the epidermis. It helps the synthesis of skin collagen.

ECOTONUS®

AGE REVERSING FACE CREAM

You are young,
naturally!

ECOTONUS®

ECOTONUS® Micellar Water

WITH ROSE WATER

- Specially formulated with gentle cleansing ingredients
- Enriched with natural complex of rose water and orange extract
- Cleans deep

ECOTONUS®

Micellar water is purified water supplemented with microscopic spherical particles called micelles. Micelles form structures which mimic the cell membranes of the skin. Like a magnet, micelles capture and lift away dirt, oil, and makeup without harsh rubbing, leaving skin perfectly clean and refreshed without over-drying.

Thanks to the composition of the micellar water there is no need of cleaning with cleansing milk. It cleans the face with a step by removing even waterproof makeup and has excellent tolerance to the eye contour.

ECOTONUS®

ECOTONUS® Micellar water contains an optimum amount of active ingredients. A gentle and effective product that leaves a clean, velvety and toned skin without disturbing the biological balance.

The product composition includes a number of natural ingredients:

Rose water - Antimicrobial and anti-inflammatory effect

Hyaluronic acid - helps to maintain elasticity and hydro balance of the skin

Plant extract of Orange - ECO certified with gentle softening, moisturizing and refreshing action

All these components are carefully selected to obtain a synergic effect.

Whether you are on a camping trip, long-haul flight, fitness workout, photo session or just want to refresh your skin, ECOTONUS® Micellar Water gives purity, freshness and emotional pleasure in one step.
